

### **Puffy Polar Bear (K-2)**

Younger students can decorate their own polar bear using common household items.

#### **Materials**

Copies of the polar bear printout from EnchantedLearning.com, found at:

<http://www.enchantedlearning.com/subjects/mammals/bear/Polarbearcoloring.shtml>

Scissors

Cotton balls

Glue or glue sticks

Crayons, markers, or colored pencils

White construction paper

#### **Procedure**

Have students cut the polar bears out of the printouts and glue them to the white construction paper.

Glue cotton balls to the polar bear.

Fill in spaces (eyes, nose, etc) with crayons or markers.

#### **Questions for Discussion**

Why are polar bears white?

Why do polar bears have such long, shaggy fur?
